

## "Make a dent where you are sent!"

OK, so the official theme for our Colorado President's Getaway was "Reaching homes on every corner", but I sort of like Dave Wilson's version better. Dave, host of FamilyLife Today® and emcee of our getaway with his wife Ann put his own spin on it. He followed up "make a dent where you are sent!" with the statement "and where you are sent is where you are!". That is exactly the message that we sought to communicate to the forty-five plus couples that joined us.

Over the four days of our event, we encouraged these couples to make an impact (or a 'dent') in three different areas. First, we challenged them to impact their own marriages and families with intentional moves from isolation to oneness in their relationship with God and each other. Next we shared ideas and resources for them to impact their communities for Christ. Finally, we presented them with opportunities to financially partner with FamilyLife in a 2-year campaign to fully fund the vision that God has put in our hearts as a ministry. Though we expect that there are many ways that this weekend will continue to impact our guests, we can tell you that we directly saw fruit in all three areas by the time the weekend ended.

In response to the area of moving from isolation to oneness, we had more than one couple come with family burdens and stresses through which we were able to talk, pray, and encourage them. One of my favorite areas to watch was the ways in which God moves these folks to impact their world. Many times around the dinner tables, we heard guest sharing ideas between each other on how they are reaching their communities. This networking and brainstorming is amazing to watch! Financially, over \$3 million was committed toward reaching homes "On Every Corner"! To God be the Glory!

YOU are a part of making these things happen through your support of US—THANK YOU!
